

Advances in Science  
and Engineering for  
Brackish Water and  
Seawater Desalination  
II

Sept. 29 - Oct. 3, 2013

Cetraro (Calabria),  
Italy

**General Announcement and Call for Abstracts**

**Abstract Submission Deadline: April 10, 2013**

**Advances in Science and Engineering for  
Brackish Water and Seawater Desalination II**

An ECI Conference Series

September 29 - October 3, 2013  
Cetraro (Calabria), Italy

**Abstract Submission**

**Conference Chairs**

*Enrico DRIOLI*

*Institute on Membrane Technology, ITM-  
CNR, Italy*

*Norman Li*

*NL Chemical Technology, Inc., USA*

**Local Organizing Committee**

*Enrico DRIOLI*

*Maria A. LIBERTI*

*Francesca MACEDONIO*

**Conference Secretariat**

We are now accepting submission of abstracts for posters.

Abstracts of approximately 300 words (one page) should be submitted by **April 10, 2013\***. The abstract should focus on the key topics of the Conference:

- Membrane Engineering for Process Intensification
- Membrane engineering in desalination and water treatment
- Progress in thermal desalination and water purification processes
- Desalination and the Environment
- Wastewater treatment and reuse
- Membrane contactors and new desalination technologies

Abstracts should be submitted electronically at:

<https://ssl.linklings.net/conferences/BWSD>

**The abstract template available at the above link must be followed for an abstract to be considered for presentation.**

\* The deadline for extended abstracts (up to 3 pages) is June 30, 2013.

Two poster sessions are scheduled.

A **special award** for best poster by a graduate student is planned.

We are looking forward to your participation to the Conference.

With best regards,

**Prof. Enrico Drioli**

(Chairman of the Conference)
